SUBJECT : OXCART Staging Planning Session

REFERENCE : Memo to AD/OSA from C/PS/OSA, dtd 18 Apr 63,  
Subj: Program for OXCART Prestrike from  
Forward Base (OXC-4690-63)

1. To insure we're all planning for OXCART staging using the same ground rules, request addressees appoint a representative to attend a meeting in the Control Center at 1030, Tuesday, 30 April.

2. Attached is a list of general assumptions to be considered at the meeting which will, if accepted, become the preamble to an OXCART contingency staging plan. (It should be noted that several items restate portions of the approved OXCART Forward Base Prestrike Concept, OXC-4700, dtd 10 April 63.)

3. In addition to reviewing the attached assumptions, the meeting will discuss the following lists:

- a. Items to be prepositioned at an emergency recovery base;
- b. Items to be prepositioned at a prestrike base;
- c. Items to be included in a prestrike deployment flyaway kit;
- d. Personnel who must be deployed to staff a prestrike base;

c. Personnel who will form the PCS complement of staging/refueling bases.

4. We should also take up the matter of staging construction begun versus that needed and identify whatever pre-planning has already been accomplished.

5. Again, the primary purpose of this exercise next Tuesday is to make sure all aspects of the numerous problems are covered with a minimum of wheel spinning.

6. Additional inputs of agenda items from addressees will be welcomed.
